

In response to the spread of the Coronavirus (COVID-19) in Minnesota, Governor Walz and the Minnesota Department of Health (MDH) recommended yesterday (Sunday) that Minnesotans strengthen their social distancing efforts. As a result, the Minnesota Joint Underwriting Association (MJUA) is making temporary changes to its operations to help ensure the health and safety of clients and employees, as well as, their families and communities. We have the technology to allow staff to work remotely, and, until further notice, MJUA staff will work remotely and will continue to offer clients and the public service via email and phone, as we have always done.

As you are aware, this situation continues to evolve, we will continue to monitor information from health experts and government authorities and adapt to fit the current situation. Thank you for your patience. If you have any questions or concerns, please do not hesitate to reach out to me or your MJUA contact.

Amy Gordon, Executive Director
MN Joint Underwriting Association
